

National Society of Black Engineers - Austin Professionals

2022-2023

Corporate Partnership Packet

DEAR AUSTIN BUSINESS LEADER,

Greetings on behalf of the National Society of Black Engineers Austin Professionals (NSBE AP). NSBE is the largest non-profit, student-managed organization in the nation founded in 1975 at Purdue University. The mission of NSBE is to increase the number of culturally responsible Black Engineers who excel academically, succeed professionally and positively impact the community. NSBE AP welcomes you to help us fulfill this mission and consider becoming a 2022-2023 corporate partner by reviewing our Corporate Partnership Packet.

In this packet, you will find a brief overview and cost estimate of all the programs NSBE AP has scheduled for the year. Our chapter strives to fulfill the mission by:

- Exposing K-12 students to STEM by partnering with local non-profit organizations and targeted program development
- Serve as a source of mentorship and professional guidance for local collegiate students
- Invest into the personal and professional development of our membership

By becoming a corporate partner, you have the ability to support these valuable experiences and facilitate positive impacts in your community.

We appreciate your support and commitment to our members, programs, and mission. Your investment in our organization is vital in helping us achieve our goals. If you have any questions or need additional information, please contact us.

We thank you for your time and consideration.

Sincerely,

LaDeitra Lee

What is NSBE?

The National Society of Black Engineers (NSBE), with more than 30,000 members, is the largest student managed organization in the country. NSBE had its genesis at a national conference planned and hosted by the Society of Black Engineers at Purdue University in April 1975. From this meeting of concerned students and educators, NSBE was born. In 1976, NSBE became recognized as a non-profit organization. NSBE comprises more than 242 chapters on college and university campuses, 70 Alumni Extension chapters nationwide and 82 Pre-College chapters. NSBE's mission is to increase the number of culturally responsible Black engineers who excel academically, succeed professionally and positively impact the community.

What is NSBE's mission?

To increase the number of culturally responsible Black Engineers who excel academically, succeed professionally and positively impact the community.

What does the torch symbolize?

The NSBE torch symbolizes our everlasting burning desire to achieve success in the competitive society and to affect a positive change on the quality of life for all people. The lightning bolt represents the striking impact that will be felt by the Society and industry due to the contributions and accomplishments made by the dedicated members of the National Society of Black Engineers.

What are the objectives of NSBE AP?

- Expose K-12 students to STEM by partnering with local organizations and targeted program development
- Serve as a source of mentorship and professional guidance for local collegiate students
- Strive to increase the number of minority students studying engineering at both undergraduate and graduate levels
- Invest in the personal and professional development of our membership

How Will Partner Funds Be Utilized?

Corporate partnership funds help NSBE AP remain a minimal dues organization. This encourages all young professionals to participate, regardless of their financial situation. As the membership grows, and the need for a greater diversity of professional development and networking opportunities arises, partnership monies will ensure that our members continue to receive quality opportunities for growth as young professionals.

NSBE AP Signature Programs

Pre-College Initiative (PCI) / NSBE Jr.

The Pre-College Initiative (PCI) Program is the National Society of Black Engineers' effort to promote college, academics, technology and leadership to pre-college students. Our primary focus is to encourage students in grades 6-12 to develop interest and skills in math and science.

NSBE AP has historically helped to establish NSBE Jr. Chapters at Lyndon B. Johnson High School, Cedar Park High School, Reagan High School, San Antonio High School and Pflugerville High School. NSBE Jr. Chapters in high schools across the nation help broaden the pool of students who are both well prepared and highly motivated for college study in the technical disciplines.

The NSBE AP Pre-College Initiative provides the following programs:

◆ FreshStart

FreshStart is a program designed for students in grades 6 - 12. The program's purpose is to encourage and motivate young students to combat social and economic disadvantages by developing a positive self-image, networking, and setting academic goals. FreshStart is an all-day series of workshops and demonstrations dedicated to improving math, science, and computer literacy among the students as well as providing role models for motivation. FreshStart was established in 1992. This event will be held on September 25, 2022.

Professional Development & Networking

General Body Meetings

These meetings are designed to help develop and educate Austin's young professionals. Every other month a different speaker is featured and discusses a timely topic. Refreshments are provided. As a partner of this program, you will have the opportunity to have a large presence in front of the general membership of NSBE AP.

Budget:

<i>Food</i>	<i>\$300</i>
Total (for one every other month)	\$1500

Membership Mixers & Unique Social Events

These quarterly networking events offer the opportunity to network with young professionals in a fun and relaxed atmosphere. Each event is held at a different venue around Austin. This event is a great way to make new contacts and relationships. As a partner, you will gain exposure to our young professionals at events that repeatedly have our largest turnout.

Budget:

<i>Food</i>	<i>\$300</i>
Total (for one every other month)	\$1500

Conferences

Throughout the year, there are a number of NSBE conferences at the regional and national level: Professional Development Conference (PDC), Region V Fall Regional Conference (FRC), and NSBE National Convention. These conferences provide opportunities for our members to grow their network, find more job opportunities, and gain valuable knowledge and skills from workshops and breakout sessions. In addition, members attend these conferences to represent the chapter in organizational decisions.

Budget:

<i>Registrations</i>	<i>\$1000</i>
<i>Total</i>	<i>\$1000</i>
